EXT. ABIGALE SULLIVAN'S OFFICE - DAY

We see JASMINE burst out of the counselor's office, onto the footpath on the street. She stops in her tracks, clenches her fists, grits her teeth and growls angrily - she's so angry she wants to scream.

She begins striding off down the street.

After a beat, we see LOGAN emerge from the office too. He looks around and spots Jasmine, and dashes after her.

LOGAN
(calling)
Jasmine!

She ignores him and keeps striding along. He catches up.

LOGAN (CONT'D)
For Christ's sake, Jaz, we need to
discuss this!

He tries taking her arm. She stops in her tracks and violently shrugs him off, and then shoves him away from her.

JASMINE
(furious)
Don't TOUCH me! You don't ever -
EVER - get to touch me again!

Logan hold up his hands defensively.

LOGAN
(desperate)
Fine! But can you just PLEASE stop,
and talk with me!

She grits her teeth, breathing heavily. After a few beats:

JASMINE
(cooly furious)
Tell me one thing, Logan. Did the
two of you ever feel even the
slightest amount of guilt over this
whole thing? Huh? Or were you just
there laughing behind my back?
"Poor naive, Jasmine... what an
IDIOT she is!"

Logan sighs.

LOGAN

C'mon, Jaz. It wasn't like that. It wasn't like that at all. Would I be here if it was?

Jasmine gives him a sarcastic look.

JASMINE

You know, that's a great question: why the hell are you here? Clearly our marriage doesn't mean a thing to you. Are you just... what? Trying to rub it in?

Logan looks incredulous.

LOGAN

Jaz, please. Come on. I'm here... because I want to fix things. Our marriage still means... everything, Jaz. I mean it. I love you.

Jasmine can't believe what she's hearing. She literally stands in silence for a few beats with her mouth agape.

JASMINE

(incredulous)
You love me?
(sarcastic laugh)
You love me! That is the most INSANE thing I have heard you say. Ever. Do you love Ash, too? Huh?

Logan stares at her in silence.

LOGAN

(quietly)
Yeah... I think maybe I do.

Jasmine stares at him for a few beats in subtle shock... she wasn't expecting to say that.

JASMINE

You can be in love with two people at the same time, then?

Logan shrugs.

LOGAN

I guess so. Because I am.

Jasmine laughs sarcastically.

JASMINE
 (sarcastically)
 Wow, she's really rubbing off on
 you. All that polyamory bullshit...

Logan takes a deep breath.

LOGAN
 Maybe. I don't know, Jaz. All I
 know is that I'm telling the truth.

Jasmine gives him a spiteful look.

JASMINE
 Well, that'd be a first.

She stabs a finger at him.

JASMINE (CONT'D)
 (angry but devastated)
 Understand this, Logan. You hurt
 me. You and Ash... the both of you
 broke my heart.
 (beat)
 We made vows. And you broke them.

She takes a deep breath.

JASMINE (CONT'D)
 I can never trust you again. And I
 can NEVER love you after this.
 You're a stranger to me now. I was
 never anything but a good partner
 to you, Logan. And I was always -
 ALWAYS - a loyal friend to Ash.
 Even when everyone else turned
 their backs on her. Christ, I'm
 probably going to go to jail for
 her! What an idiot I am.
 (beat)
 Well, I've learnt my lesson, Logan.
 I never want to see you, or Ash
 ever again.

She turns and walk off. Logan tries calling after her.

LOGAN
 Jaz!
 (beat)
 Jaz, c'mon!
 (beat)
 Jaz!

His calling fades off into oblivion as Jasmine walks away from him, serious that she never wants to see his cheating face again.
